

EDUCATIONAL PROGRAMS & SERVICES

Helping California School Districts Grow, Engage, and Achieve

STEAM EDUCATION: Fun, hands-on programs that keep students engaged and help districts grow enrollment

ALL GRADES

STEAM VISUAL DESIGN & ANIMATION PROGRAM

Students create new pathways to success in game development without requiring advanced coding skills. Through guided creative projects and structured instruction, students build both artistic abilities and technical visual effects skills in a collaborative learning environment.

ALL GRADES

STEAM SUPPLEMENTAL CODING PROGRAM

- Python programming fundamentals
- Computer science concepts
- Problem-solving strategies
- Collaborative coding practices
- Technical documentation skills
- Secure learning platform with no chat features

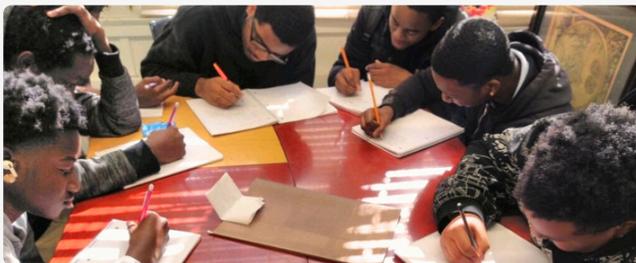

ALL GRADES

DRONES AND STEAM YOUTH TECHNOLOGY PROGRAM

This program introduces interactive challenges, coding and robotics fundamentals, and team-based projects. Students learn the principles of drone piloting, safety protocols, and engineering design, all while working toward FAA certification preparation.

WELLNESS & SEL SUPPORT: Helping students manage stress, solve conflicts, and succeed in school

SEE A MAN, BE A MAN YOUTH MENTORSHIP PROGRAM

8-12 GRADE

Supporting LA County's goal to make schools centers of wellness. Through mentorship, high risk students build positive relationships with adults and develop social emotional awareness to overcome challenges to succeed in school and life.

STORIES OF JOY: BUILDING HEALTHY RELATIONSHIPS

8-12 GRADE

Students participate in guided narrative workshops and relationship-building sessions, developing both emotional awareness and communication skills while creating meaningful connections. Utilizing the nationally recognized book "Fathers and Sons Speak".

WELLNESS TOOLBOX: MINDFULNESS AND HEALTHY HABITS

Designed to nurture students' emotional intelligence, physical wellbeing, and interpersonal skills through mindfulness and wellness practices. Through structured activities that combine mindfulness, self-regulation, and personal development, students learn to manage stress, understand their emotions, and build healthy relationships.

FA-MLI SMART PARENTING WORKSHOP

Equips parents with essential skills to raise successful, well-rounded children in today's challenging world. Through our comprehensive framework encompassing Culture, Career, Education, Health, Family, and Personal Responsibility, participants blend traditional wisdom with modern solutions while maintaining strong family bonds.

Cielo Plaza partners with California school districts to connect educational challenges with proven solutions. Our network of carefully chosen educational experts brings specialized programs that address key district needs: growing enrollment, closing achievement gaps, improving attendance, and engaging the community. From planning to implementation, we provide complete support every step of the way.

PROGRAM SELECTION & IMPLEMENTATION SUPPORT

CIELO PLAZA WILL ASSIST YOUR SCHOOL WITH:

- Needs assessment to identify the best program match
- Vendor coordination and scheduling
- Ongoing program monitoring and quality assurance

Contact Tony Mauzy at tony@cieloplaza.com or (949) 490-6525 to discuss which programs would best serve your school

WELLNESS & SOCIAL EMOTIONAL LEARNING (SEL) SUPPORT (CONT)

MINDFUL MOVEMENT: YOUTH WELLNESS PROGRAM

Combining movement, mindfulness, and creative expression, students learn to manage stress and build self-awareness. This program especially helps diverse student populations develop emotional literacy while strengthening mind-body connections.

"I AM ENOUGH" YOUTH EMPOWERMENT WORKSHOP

Led by Maya Azucena, an award-winning recording artist and sponsored U.S. State Department envoy. Her Interactive workshops include:

- Journaling exercises
- Group discussions
- Creative expression activities
- Peer support circles

HEALTHY ME: SOCIAL- EMOTIONAL LEARNING PROGRAM

Focused to help elementary students via age-appropriate activities with supportive mentoring, we help students understand their emotions, develop self-awareness, strengthen friendships, and build confidence in managing their feelings.

COLLEGE / CAREER READINESS: Building future workplace & college success skills

POWER LAB LEADERSHIP PROGRAM

Supporting LAUSD priorities by developing leadership and communication competencies needed for college and career success, while building students' emotional intelligence and professional presence. Through real-world scenarios from law and business, students learn to articulate their ideas powerfully, understand professional dynamics, and develop authentic leadership voices.

THE HOPE LAB ACCELERATED READING & PUBLISHING ARTS PROGRAM

4-5 GRADE

This advanced literacy program guides students through a four-phase journey: building core skills, advancing literacy techniques, fostering creative expression, and culminating in students editing, designing, and publishing their own book.

YOUTH EMPOWERMENT ACADEMY: SELF-ADVOCACY & DECISION-MAKING

Key Components:

- Leadership styles and development
- Self-advocacy and decision-making skills
- Conflict resolution strategies
- Goal-setting and vision planning
- Peer-to-peer mentorship training
- Communication and public speaking
- Community project development

EPIC LA : ENGLISH LANGUAGE DEVELOPMENT PROGRAM

7-12 GRADE

Designed to support middle and high school students led by bilingual ELD specialists. Includes structured mentorship, and literacy activities to improve ELPAC scores, reading proficiency, and overall academic performance using familiar tools like NewsELA and the LAUSD Digital Library.
